

Art Curriculum

“Creativity takes courage.” – Henri Matisse

At Uffculme Primary school, we are passionate about ensuring Art has a highly esteemed place in our curriculum.

Our curriculum is a spiralling curriculum, where the four categories of Art (drawing, painting and mixed media, sculpture and 3D, and craft and design) are revisited each year. We have chosen to design our curriculum in this way to ensure children have an equal balance of different Art experiences, and that their knowledge and skills in these areas develop year on year. Our children will grow to be explorative and skilful with a broad knowledge of Art and Design in the world.

By the end of Year six every pupil will have,

- Developed a **technical knowledge** of drawing, painting, sculpting and other craft and design techniques.
- Developed an understanding of great **artists, architects and designers** in our current world and in history.
- Nurture their own **creativity**, through experimentation and design.

Teaching and learning in Art is categorised as follows...

- Exploring and developing ideas
- Drawing
- Painting and mixed media
- Sculpture and 3D
- Craft and design
- Works of other Artists
